Note: Products shown represent Katun products in this category.

The introduction of this Katun® Performance™ toner cartridge for use in HL 2240 printers adds to Katun's growing product offering for Brother printers. This new-build monochrome toner cartridge provides outstanding performance and print quality, print after print, at a significant cost savings vs. OEM toner.

Benefits:

◆ Toner Performance You Can Trust

This Katun® Performance™ new-build toner cartridge has been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing. Katun's testing and evaluation protocols ensure industry-leading performance from this reliable and profitable alternative to the OEM toner.

◆ Expense Reduction - When You Need It Most!

Every organization is looking for ways to cut costs and gain a competitive edge. This new toner offers you just that – significant cost savings versus OEM supplies, without sacrificing quality or performance.

◆ High-Quality New-Build Toners

The new Katun® Performance™ toner for use in Brother HL 2240 printers is produced according to Katun's proven new-build process. Each cartridge is the result of an exhaustive multi-step system to ensure consistent OEM-equivalent performance.

◆ Growing Line of Monochrome and Color Toner for use in Brother Printers & MFPs

Katun offers a growing line of competitively-priced monochrome and color toners for use in many of the most popular Brother printer and MFP series. Katun has the quality toner you need at prices that add substantial profit to your bottom line.

Machine Overview

In 2010, Brother introduced the HL 2240 printers and DCP, MFC series of multifunctional devices. These machines are small enough to fit on a desktop and are designed for homes or small offices. They offer fast print speeds up to 27 ppm and have a first page print time of 8.5 seconds or less.
