Lexmark M5155 and XM5163-series

Printers

Katun PN: See Page 2 • OEM PN: See Page 2

Receive outstanding print quality and performance with this Katun toner for use in Lexmark M and XM series applications!

Katun introduces a remanufactured monochrome printer toner to our comprehensive line of high-quality toners for use in Lexmark printers and MFPs. This new Katun® Performance™ toner provides outstanding performance, remarkable print quality and significant cost savings. This product provides both short-term and long-term profit opportunities, as these printers are still actively being sold by Lexmark.

Benefits:

◆ Choose Katun Toner for Consistent Quality

You can trust Katun – this monochrome toner product has been developed and rigorously tested to ensure complete compatibility with the OEM toner and to provide outstanding:

- Image quality & density
- Yields
- Fusing performance

◆ Reduce Your Supplies Costs and Increase Your Profits

Is your organization looking ways to gain a competitive advantage? This toner offers OEM-equivalent print quality at a significant cost savings vs. the OEM toner. Reduce costs, not quality. Additionally, as these printers are still actively being sold by Lexmark, the new Katun mono toner provides dealer with immediate and long-term profit opportunities.

◆ Consistent Performance

These remanufactured toner cartridges fit, install, and perform similar to the OEM products, which helps make the transition from OEM toner to Katun toner seamless for your customers. This Katun Performance™ toner cartridge has been developed and manufactured according Katun's strict quality guidelines to ensure consistent quality and performance.

◆ More Opportunities for Dealers Selling Lexmark Printer Supplies

Katun offers a comprehensive line of toner cartridges for use in today's most popular Lexmark monochrome and color multifunctional equipment, enabling you to meet the printing supplies needs of all your customers and grow your supplies revenue. ensure consistent quality and performance.
