

Katun® Performance™ Colour Toner for use in

Lexmark CS310/510-series

Printers

Katun PN: See Page 2 • OEM PN: See Page 2

Dealers can increase their service profits by switching to Katun Performance color toner for use in Lexmark printers!

These remanufactured Katun Performance™ color toners provide outstanding performance, including excellent print quality, OEM-equivalent yields and significant cost savings. These new Katun Performance™ printer toners provide dealers with immediate and long-term profit opportunities, as these printers are still actively being sold by Lexmark.

Benefits:

◆ Rigorous Testing Ensures Consistent Quality and Performance

You can trust Katun – these new color toners have been developed and rigorously tested to ensure excellent image quality, color reproduction, fusing performance and OEM-equivalent yields, as well as complete compatibility with the OEM toner.

◆ Reduce Your Supplies Costs – Short and Long Term

Are you looking to gain a competitive advantage? These toners offer OEM-equivalent print quality and excellent performance at a significant cost savings, which means you can improve your profitability without sacrificing quality. Additionally, as these printers are still actively being sold by Lexmark, these new Katun color toners provide dealers with immediate and long-term profit opportunities.

◆ A Comprehensive Selection

Katun offers a comprehensive line of toner cartridges for use in today's most popular Lexmark monochrome and color multifunctional equipment, enabling you to meet the printing supplies needs of all your customers. Katun is the perfect supplier for helping you manage your MPS accounts.

◆ A Seamless Transition and Satisfied Customers

These remanufactured toner cartridges fit, install, and perform similar to the OEM products, which helps make the transition from OEM toner to Katun Performance™ toner seamless for your customers. These Katun Performance™ toner cartridges are developed and manufactured according to Katun's strict quality guidelines to ensure consistent quality and performance.

Machine Overview

Introduced in 2012, this series of 23-30 ppm printers are ideal for small to mid-sized workgroups that have relatively low monthly full color output (less than 5000 pages).

Model	Intro	Speed (PPM)	Mfg Status	Functions
CS310 Series	Q4-2012	23	Current	Print
CS410 Series	Q4-2012	30	Current	Print
CS510 Series	Q4-2012	30	Current	Print

Product Characteristics

Model	Colour	OEM PN	Katun PN	Yield*
CS310/410/510	Black	70C20K0	47833	1,000
	Cyan	70C20C0	47834	1,000
	Magenta	70C20M0	47835	1,000
	Yellow	70C20Y0	47836	1,000
