

Katun® Performance™ Refilled Toner Cartridge for use in

Ricoh Aficio MP 3500/4000/5000-series

Digital Copier/Printers

Katun PN: 39436

OEM PN: 884926, Type 4500

Increase your profits without compromising quality with this Katun® Performance™ refilled toner cartridge

For Ricoh dealers looking to improve their cost-per-copy on these current and recently introduced MFPs, Katun is pleased to introduce the Katun® Performance™ refilled toner cartridge for use in Ricoh Aficio MP 3500/4000/5000 series applications. The introduction of this toner cartridge, which provides outstanding performance and excellent print quality, expands Katun's already comprehensive product offering for use in Ricoh monochrome machines.

Benefits:

◆ **A Long-Term Profit Opportunity on a Widely Placed Machine Base!**

This Katun refilled toner cartridge is priced very competitively against the OEM toners for these machines. Ricoh Aficio 3500/4000/5000 series digital copier/printers represent a very successful higher speed Ricoh Aficio series and have been widely placed, providing you with substantial cost-saving and profit opportunities, both now and in the future.

◆ **Consistent Performance and High Customer Satisfaction**

Dealers can count on this Katun® Performance™ toner cartridge to provide OEM-equivalent yields and exceptional print quality, while avoiding premature failure and high defect rates, which can occur with some aftermarket used or refilled cartridges. This Katun® Performance™ refilled toner cartridge provides OEM-equivalent performance and high customer satisfaction.

◆ **100% Compatible with OEM Products**

This toner has been developed to provide OEM-equivalent image quality and has been tested in accordance with Katun's 360° certification process to provide full forward and reverse compatibility with the OEM toner and developer.

◆ **True Cost Savings**

Not only does this Katun toner provide significant up-front savings, its strong yields, consistent performance and reliability ensure that your true cost savings remain high with every toner purchase. True costs – the toner purchase price plus any additional costs you incur due to low yields, poor performance and/or unexpected and costly service calls – may be a problem when you purchase other aftermarket toners. In challenging economic times, it's even more important that your supplies offer true cost savings in both the short and long term.

Product Characteristics

Metrics	OEM	Katun
Part number	884926, Type 4500	39436
Price per/sold in	Priced per box, Sold in a box of four cartridges	Priced per box, Sold in a box of four cartridges
